

## ZIP 4-7

## ZIP RETRACTABLE LADDERS

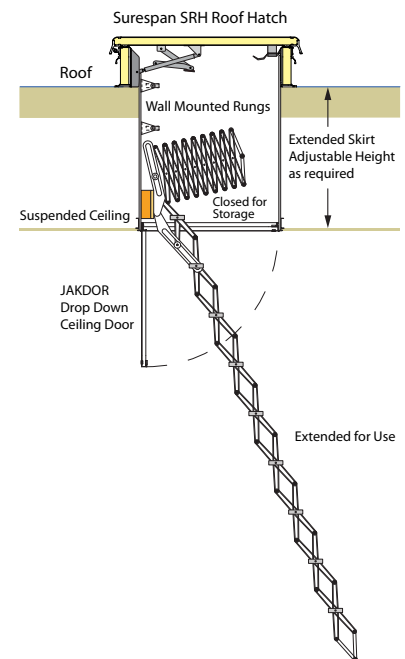

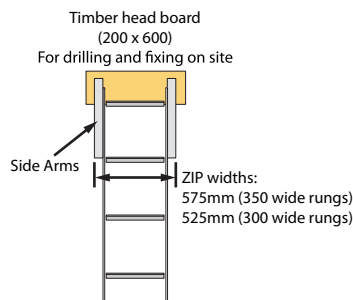

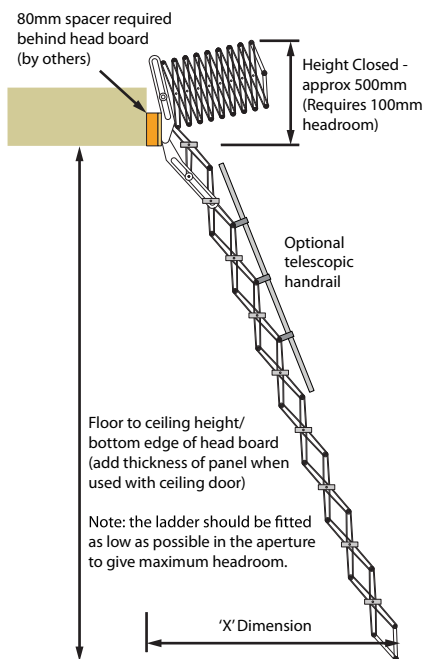

**Description:** ZIP retractable heavy duty loft ladder. Suitable for use in installation to vertical walls (with 80mm of extra packing behind the back board).

**Fittings:** The retractable ladder is fixed to a 600 x 200 plywood back board, which is simply screwed to an appropriate surface in the location required.

**Springs:** An adjustable counter balance spring is incorporated into the pivot bracket to ensure the stairway can be raised and lowered smoothly with minimum effort.

**Options:** Additional extras include; telescopic handrail on one side (requires a minimum aperture of 1000), wall mounted rungs.

**Notes:** Add 50mm to allow for frame thickness when used with a Jakdor ceiling door.

Model	Weight (kg)	No. of Treads	Ceiling Height	Min. Aperture	"X" Dimension
ZIP 4	28	9	up to 2500	600 x 750	1210 - 1310
ZIP 5	30	10	2501 - 2790	600 x 750	1310 - 1410
ZIP 6	32	11	2791 - 3090	600 x 750	1410 - 1510
ZIP 7	34	12	3091 - 3390	600 x 800	1510 - 1610
